

GRAPHIC DESIGNER JOB OPENING

Job Description:

Design At Work is adding a Graphic Designer to our team. We need an independently creative person, who has fresh ideas and can execute high caliber and accurate work. A Graphic Designer position at Design At Work is full time and requires the ability to develop and create digital and print advertising, branding campaigns, brochures, direct mail, logos, eNewsletters, websites (designing not programming or development) and more.

*****Must submit your personally designed resume in PDF format to be considered for position. When sending portfolio along with resume, PDF format or link is required.**

Qualities for a good fit:

- Must be proficient in Adobe Creative Suite: InDesign, Photoshop and Illustrator programs
- Knowledgeable of traditional and digital advertising
- Familiarity with all file types
- Able to design quickly and efficiently
- Strong desire to learn and be challenged
- Meticulous attention to detail
- Must be able to work on-site
- Must be able to maintain marketing needs for 8-10 clients
- Must take direction well from Account Director with clients' needs in mind and consistent messaging
- Creative thinker and visual problem solver who can work independently or collaboratively
- Self-starter who thrives in a fast-paced environment

Other important qualifications:

- Required Experience: 4+ years
- Education Required: Graphic Design
- Must be able to work on Macintosh platform
- Able to maintain design needs for 8-10 clients
- Able to attend key meetings with clients to discuss projects
- Agency experience a plus

What we need to consider you for position:

- Resume
- Samples of your work, PDF portfolio or website link

Please submit any information requests and inquiries concerning this position to jobs@designatwork.com ONLY. Any applicants who submit their resume to any other email address will not be considered.

- Recent graduates need not apply.
- Please no phone calls.
- Please do not come in person to speak with anyone without an appointment.
